Did you know?

Nutherm has been manufacturing custom panels since 1979. Over 1,000 panel projects have been supplied for safety-related applications: power distribution, transfer of power, pneumatic control, I&C and monitoring of systems and power.

Nutherm has the capacity to manufacture panels or purchase commercial grade panels and modify them to particular seismic and environmental requirements.

A message from leadership...

Most teams have one or two all-stars, but the Nutherm team is full of them! From the moment we receive a project to when we ship it, our experienced team is working together to provide the best product for our customers. From small to big projects, they can count on us to provide excellent and accurate work every time.

– Jack Blurton, Production & Lab Manager

Hanging out with my family. I also enjoy dinner with girlfriends when I get the chance.

FUN FACTS!

Favorite food: Anything with Broccoli. Also, Iced Tea. I know it is not a food but it's my absolute favorite.

Favorite band: Everything 80's but if I had to pick, Whitney is currently #1.

Favorite Movie/TV Show: Dirty Dancing

Favorite Sport/Hobby: Whatever my kids are into doing! In the evenings before bed, I do love to watch Family Feud (Steve Harvey is the best).
