Did you know?

Nutherm has over 40 years of experience providing MCC and MCC bucket solutions to the nuclear industry. Whether you are interested in replacement or refurbishment, we can help find the best solution for you. Being a small company, Nutherm can provide quick turnaround, flexible schedules, world class quality and personal service.

October 2021 • Volume 1 • Issue 6

A message from leadership...

While I was away from Nutherm, I of course worked with my National Guard Unit but also directly with active Army members, USACE employees, and civilian contractors. I experienced a wide range of qualities, throughout all the groups, that a supervisor considers when evaluating their employees. This has given me a new perspective on Nutherm and all the employees. I have always considered Nutherm to be a great company and an excellent group to work with, but everyone's dedication to our company far exceeds my experiences over the last year. Our dedication is shown through everyone's teamwork, dependability, professionalism, integrity, and I could keep going. Keep up the great job Nutherm!

– Rodger Edwards, Engineering Manager

N EMPLOYEE spotlight

Betty Sanders

Work Flow Administrator

How long have you been at Nutherm?
February will be 19 years.

What do you do in your role as Work Flow Administrator?
Review contracts and get as many documents together for the Engineers before giving to them. Help Engineering with whatever I can.

What do you like most about your job?
Being able to help get the projects and being part of the Nutherm team.

Best part about working at Nutherm?
The people.

What do you like to do for fun?
Being with my family and camping!

FUN FACTS!
Favorite food: Pizza

Favorite Movie/TV Show: I Can Only Imagine
Favorite Sport/Hobby: Softball/Love to shop and decorate for each holiday

"Betty's dedicated work ethic is directly related to the success of the Engineering Department."

– Rodger Edwards,
Engineering Manager

Nutherm Happenings

We love to celebrate the different National food holidays here, so this month was Ice Cream Cone Day! Just another great reason to get co-workers together to enjoy a well deserved break and some delicious ice cream!

This month we partnered with the local Jefferson County Animal Shelter to collect pet care items they were in need of. Our employees definitely stepped up to the challenge and exceeded our goal.
